

# A Waterfall

By Zoe Eshan

I am a rain drop  
just a simple rain drop  
I dream of waterfalls  
wishing to see one someday  
But it's Winter,  
water is frozen  
I will wait for spring

crack swush, off I go  
no clinging on stick or leaf  
for I am too excited  
for what waits ahead

I hear a rushing sound  
growing louder and louder

after flowing off a rock  
I see a big drop  
I realize I am on a  
Waterfall  
I feel the rocks on my sides  
like someone rubbing  
my back

I have reached my  
dream I said under  
my breath.
