"My students were so very excited (and tired) for the rest of the day. Not only does this program teach children to be mindful of our blessing of having clean water and their part to ensure that is always the case, but it is such a great experience for our children who learn by "getting out there and doing".

You do a tremendous job guiding the children during this big adventure. The opportunity to explore and learn about our own 'backyard' is amazing!"

*Diane Jackson, kindergarten teacher*

*Black Mountain Primary School, Black Mountain, NC*

"Very awesome staff! Fun, educational and well planned. "

*Ali Yeates, 1<sup>st</sup> grade teacher*

*Evergreen Charter School, Asheville, NC*

"Very connected- touched on all water quality indicators. The students loved getting in the water and discovering the life there. The best way to learn is by doing, and RiverLink's programs pull in that real-world quality."

*Sara Miller, 8<sup>th</sup> grade teacher*

*AC Reynolds Middle School, Asheville, NC*

"Awesome relation to our curriculum, it aligns very well."

*Jennifer Williams, 8<sup>th</sup> grade teacher*

*AC Reynolds Middle School, Asheville, NC*

"I recommend RiverLink's program to any teacher who wants to raise students' awareness about the river, local creeks, and our watershed."

*Beth Carson, Media coordinator*

*Fairview Elementary School, Fairview, NC*

"Our kids had a great time and we learned a lot. The program was fun, hands on, and educational. The kids loved getting wet, and helping our streams!

*Jessica Potter, Latino Mentoring Program and Adopt-a-Stream Team*

*Asheville, NC*

"I would recommend this program because hands-on lessons are so effective, and knowing about the rivers is so important to the environment and our quality of life here."

*Eddy Webb, 3<sup>rd</sup> grade teacher*

*Rainbow Mountain Children's School, Asheville, NC*

"Students loved learning about the creek that runs near our school!"

*Carolyn Easterly, 2<sup>nd</sup> grade teacher*

*Mars Hill Elementary School, Mars Hill, NC*
